HAMLIN, JONES COUNTY, TEXAS, FRIDAY, JUNE 26, 1942

NUMBER 34

Death Results From Gasoline Burns

The little eight year old boy, Grady Jerome Andes, son of Mr. and Mrs. J. D. Andes, of the Swedonia community, west of Hamlin, was fatally burned at their home and died in the Rotan Hospital Sunday night.

The father was severely burned, and the mother, with a quilt, made an effort to save her child by smothering the flames and probably spared her husband serious injury.

The accident occurred Saturday night as the father worked on the family car. With the engine running, he was pouring gasoline into the carburetor from a small can. The gasoline ignited, burning his hands and he threw the can backwards with force. The flaming liquid caught the little boy, who had walked up to watch his father. Andes grabbed his son as he started running, but his gas soaked clothing ignited.

Besides the parents, two elder brothers survive. The funeral was set Monday afternoon at a Swedonia church.

More Sugar

Extension of the time during which sugar rationing stamps Nos. 5 and 6 will be valid has been announced by OPA. Sugar stamp No. 5 will be good for purchase of two pounds of sugar, instead of the one pound for which it was originally valid, and can be used for sugar purchase for a period of four weeks, instead of two. Stamp No. 5 will be good from June 28 until midnight of July 25. Stamp No. 6 also good for a two-pound purchase, will be valid from July 26 to August 22. Sugar rationing regulations also have been amended to allow institutional and industrial users to obtain sugar allowances for a two month period, beginning July 1st. Originally these users could obtain only a one month's allowance.

—T & T—

Now Honey!

Permitted use of honey as a sugar substitute in ice cream, candy, soft drinks and bakery goods is increased by several million pounds in an amendment to DPB's honey conservation order. Although honey distribution is still controlled by quota regulation, beginning July 1, manufacturers may use during any calendar quarter either 120 per cent of their consumption during the corresponding 1941 quarter or 600 pounds.

—T & T—

Mr. and Mrs. Carl Barton moved this week to Dayton to make their home. He is with General Crude.

All Merchants And Business Houses To Close July Fourth

EXCEPTING the drug stores, all merchants, shops, produce houses, even grocery stores, and every conceivable kind of business is closing this year (Saturday, July 4th).

Not in the memory of this town has the determination been so general as this year. Farmers, and rural people dealing with produce houses, feed stores, banks, post offices, in fact everything, bear in mind there is "nothing doing" in Hamlin, Saturday, July 4th. Stores will be open late Friday night, July 3rd, to accommodate everybody wanting service that cannot wait till the following Monday.

All the above statement is verified by signed agreements of the firms doing business in Hamlin. Since everybody signed, there is no point in publishing the long list . . . it does not skip anybody except drug stores and service stations.

Tie Your Newspapers For The Red Cross

Please tie your newspapers in bundles of 25 pounds or more, and bring them to the Red Cross Room.

At present only newspapers are wanted as we do not have storage space for other paper. Do not bring newspapers unless they are tied and separated from magazines and other waste paper. If it is too much effort for you to tie them, please just keep them, as help at the Red Cross room to sort and tie them is unavailable.

To date, we have sold \$96.00 worth of paper, the money going to the local Red Cross. If you do not work at the Red Cross, you probably do not realize that tying and loading tons of loose newspaper is a man size job.

Mrs. Frank Waggoner

Mrs. M. C. Wilson and Mrs. O. K. Wilson have returned from Fort Worth where they attended a reunion in the home of their sister, Mrs. Roy E. Benson. Five sisters and two brothers were together for the first time in 14 years. Those present were: Mrs. Roy Layton and C. M. Franks of Corsicana; Mrs. Maxie Burkhalter of Galveston; Mrs. Roy Benson and H. L. Franks of Fort Worth, and Mrs. M. C. Wilson and Mrs. O. K. Wilson of Hamlin.

Mrs. H. E. East was able to return home, Tuesday, from Hendrick Memorial Hospital, Abilene, where she spent several days taking medical treatment.

West Texas Editors To Be Heard On KRBC Each Sunday

Beginning next Sunday, June 28, the editors of weekly newspapers of this section of West Texas are to appear on the "Home Town Headlines" program that has been heard on KRBC, Abilene, for the past several months.

The program will be heard at 1:15 o'clock each Sunday afternoon in the future, and continues under the direction of Geraldine Wright, well known radio and newspaper woman.

Complete coverage of the news will continue to be a part of the program, in addition to the interviews with the various editors. One editor will be heard each Sunday. KRBC is found at 1450 on your dial.

HAMLIN EDITOR FIRST

According to announced plans, the Hamlin Herald Editor, Bowen Pope, will be the first guest editor—and that means this Sunday, June 28th. It is hoped these "Meet Your Editor" programs will prove interesting and helpful.

Australia Is Near

To show you how close Hamlin is to Australia, let us cite these facts:

Mr. and Mrs. T. B. Scarborough received a letter from their son, Sgt. Tom L. June 23rd. Tom dated his letter June 9th. It was post marked June 12th. Don't that seem almost impossible? He is feeling dandy and having a good time.

One thing that Sgt. said, was that the Herald is reaching him ok. All of us are glad to hear from the boys, wherever they are.

Texas Men Report To Randolph Field, Texas

Randolph Field, Texas, June 23—A neat sign, "To Cadet Headquarters," pointed the way to another milestone en route to Axis countries this week as the new class of Aviation Cadets, 41-1, reported to this oldest and largest basic flying school. Student Officers and Aviation Cadets, they're here for the second phase of their training as Army Air Force fighting and bombing pilots.

126 men from Texas are members of the new class. After nine weeks of military flying at the "West Point of the Air," they will go next to advanced flying school where they will win their Air Force "Wings" and commissions.

HAMLIN: Aviation Cadet William W. Nobles, 23, son of Mrs. Bert Warren Nobles of Hamlin, a business administration graduate from Texas Tech, Lubbock, was a dry goods salesman when he signed up with the fledgling pilots of Uncle Sam.

Miss Maggie Mae Seymour, who received her degree from McMurry College, is spending the summer with her mother, Mrs. W. H. Seymour. Miss Seymour completed a four year course in three years, graduating third in honors in her class. She was a member of Alpha Chi and of the Voluntary Mission Band.

Get That Old Rubber Delivered By Tuesday

Tuesday, June 30th, will close the two weeks intensive drive for scrap rubber. The citizens of Jones Co. have patriotically responded to every call and sacrifice by our government. Therefore the Defense Council makes this plea to you—use one last burst of enthusiastic sacrifice and bring in that last ounce of rubber not later than next Tuesday.

On the subject of rubber, there is one point on which there seems to be a general agreement: That the quantity of new rubber in the United States is limited, and that it cannot be appreciably increased within any predictable time.

Our greatest previous source, the East Indies, is in the hands of Japan. The quantity which may be obtained from South America is limited for two reasons, the lack of cultivation and of shipping facilities. United States grows only a small quantity of rubber, therefore the source of new natural rubber adequate for our needs, is hopeless for some time to come.

Scrap rubber can be salvaged and reprocessed; so remember an ounce can help bounce a Jap.

Gilbert Smith
County Defense Co-ordinator

Piles Of Rubber Tons Of Rubber

Checking only a few of Hamlin's service stations, we find the following amounts:

Dode Sanford 2,608
Hudson's Station 19,468
Middleton's Station 3,721
Carl Young's Station 2,468

TOTAL 28,265

There are several other stations in the Hamlin community, doubtless having many pounds of scrap rubber. All taken together, it is a fair estimate that this community will have about 15 or 16 tons for Uncle Sam.

Two Things Do Not Forget This Month

It may be in the field of a newspaper to remind people what to remember or what to forget, but maybe it is a part of a newspaper's duty to its readers to save them trouble. So taking that view of it, we wish to remind all that at the end of this month Uncle Sam expects every car owner to secure a NEW Sticker for his car. It will be for a whole year and will cost every owner of a car just FIVE bucks, \$5.00 please. Well that is told.

Now you know lots of people have not put in their application for a New Drivers License. That is important, or else one might have to stand a driver's test to get one. Think about that. Maybe it does not concern you, then do as we are doing, remind the other fellow.

CITY ELECTRIC & PLUMBING

Ray Willingham Died At His Home In Rule

The unexpected death of Ray Willingham, who died at his home in Rule early Sunday morning, came as a shock to his host of friends in the Hamlin territory.

Mr. Willingham was 46 years, 11 months and 4 days of age.

He was a son of the late, Mr. and Mrs. B. F. Willingham, and had spent most of his life in this community, his younger days on the farm, and following his schooling in Hamlin, he occupied various business positions in Hamlin, the last business enterprise here was the Home Lumber Company.

Mr. Willingham moved to Rule about four years ago and there established the Rule Home Lumber Company and operated same till his death. He was married to Miss Minnie Barnett in December, 1916, and the wife and one son, Aviation Cadet Ray Willingham, Jr., of Pensacola, Fla., survive.

Besides the wife and son, other survivors are a brother, Walter Willingham, Seagraves; three sisters, Mrs. Willie Myers, Vernon; Mrs. Oscar Corley, Lubbock, and Mrs. Pate Yocham, Quemado; two half-brothers, Tarlton Willingham, Hamlin, and Paul Willingham of Clyde, and a half-sister, Mrs. Blakeley Campbell of Longview.

Funeral services were conducted at the Rule Methodist church, Tuesday afternoon, June 23rd, and the body was conveyed to Hamlin's East Cemetery, where final rites were completed. The Masonic Lodge of Hamlin used their ritual of burial.

Ray Willingham was a very likable man, generally pleasing and obliging, a friend maker, and a good business man.

Coming for the funeral, besides the son, Ray Jr., a brother-in-law, Pvt. Martin Barnett, from Camp Crowder, Mo., and the other out-of-town relatives mentioned above.

Harvey Elkins Sends Message From India

Mr. and Mrs. W. C. Elkins have received a message from their son, Harvey, saying "India June 15th—Hospitalized past 40 days, well and feeling fine now."

Harvey spent more than two years in a repair squadron in San Antonio and left the States only in March. Harvey is a Sheet Metal Craftsman.

Billie R. Cearley Makes Statement

BILLIE R. CEARLEY

I wish to inform you that since the Jones County Food Stamp issuing office has closed, I am now unemployed.

Due to the rubber shortage it will be almost impossible for me to see every voter in Jones county.

I am not eligible for the Army because my left leg is one inch shorter than my right leg.

Last campaign year I was a candidate for District Clerk and lost the race by only 150 votes. This year I am making the race again. If all my former friends will stick with me this year and I can gain 76 new supporters, I will win the race.

I promise if you elect me, to give faithful and efficient service in the District Clerk's office. I will appreciate not only your vote, but any good word you can say in my behalf. Yours very truly,
Billie R. Cearley

(Pol. Adv.)

Lt. J. B. Terrell On Duty In England

Mr. and Mrs. J. B. Terrell have received a letter from their son, Lt. J. B. Terrell Jr., saying "England".

Next week such parts as will be appropriate will be published in the Herald.

D. W. Carlton Jr., son of Mr. and Mrs. D. W. Carlton, left June 15th for San Diego to begin work in the Consolidated Aircraft. He had taken a two months course in Fort Worth. He is specializing in sheet metal layout. His wife and baby are remaining in Hamlin till he gets located.

Santa Fe and your

WINTER WHEAT

● Once more the miracle of the winter wheat harvest is with us. Nature has been kind, in Santa Fe territory, and another bumper crop is indicated. Prices, too, are good.

That is a happy prospect, but it brings serious problems with it—both for you who raise the grain, and for us who move it.

You face a shortage of harvest labor, and a serious lack of storage space, at terminals and in rural bins, because of the unprecedented carry-over of old wheat. We face the job of moving a vast grain tonnage, in a short time, on top of the greatest railroad traffic load in history.

For example, in April, 1941, Santa Fe freight cars moved 108,131,891 miles. In April, 1942, that mileage had leaped to 142,823,878. A great part of that 32% jump represented war freight, that *must* move first.

Santa Fe pledges every possible help in moving 1942 wheat to points where it can be accepted and placed for use. Of you we ask prompt loading and unloading, and that no car be used for storage, even temporarily. Let's pull together and whip this war-born transportation problem, as we have so many others in the long years we've worked together.

AT YOUR SERVICE—Talk over your transportation problems with your Santa Fe representative. He'll be glad to help with practical suggestions.

THE WAR —

Monday, June 22nd—

Perhaps it would be well to sum up the war situation, as we find it, on Mondays of each week. Just to keep the record straight.

To start this week off, the war news is very far from satisfactory, even gloomy.

Japan now has two "feet" on Alaskan soil. Attu, 700 miles from the nearest Japanese base and within 800 miles of Dutch Harbor and Kiska Island and base of Kiska, only 585 miles from Dutch Harbor.

Japan has shelled Estevan on Vancouver Island off western Canada, and the coast of Oregon, creeping in closer and closer.

Japan may attack Hawaii again and therefore all citizens who can possibly leave that outpost are requested to do so.

Only scattered skirmishes are reported in the Southwest Pacific area—no general offensive yet.

Leaders of Australia are blunt, very frank about the kind of war communicates the English and Americans put out. They say it would seem that each day "daily doses of dope" are measured out to guarantee continued sleep for the citizenry.

Americans and Australians and Englishmen want the stuff straight, be it bitter or sweet. If the men on the front lines can take it, certainly the news will not hurt the home folks. If the fog is too thick for Americans to see through and fight the Japs, how do the Japs run thru it? Mr. Public should know it.

It seems that there are so many "war secrets" that old man public who is as much in the fight as anybody, should be told plain facts as they come from the battle fronts.

There is no good news from the Russian front, except that the Russians are not being "pushed around" like some good Englishmen and Americans. For one full year the Germans have been battering the Russians, and now lack only one great sea base in getting all of the Black Sea. Sevastopol still stood Monday, yet on the verge of defeat. No flattering news in that part of the war. In no war has people fought as hard as the Russians and Germans in this.

North Africa is the darkest corner. Tobruk, old Trobruk, where General Blaney held off the Huns and Italians for EIGHT months, has fallen without a siege, and nearly 30,000 Englishmen and no telling how much supplies thrown in to boot.

More and more ships are being sunk in waters along our eastern seaboard, the Gulf and the Caribbean Sea.

The strange thing is "how are they doing it?" How can "they" keep dishing out punishment to the Allied Nations, always with more equipment, better guns, effective strategy, on every field? We do not believe they can keep it up. America has not gone to "bat" yet. . . . Not yet!

—T & T—

Another 4th of July—

The same old story: Just why should anybody worry about what a small town is going to do on the FOURTH of July?

Well, the 4th comes this year on Saturday, a very hard day for some stores to close. This is a week from this week, you see. In most every place where no special "jubilation" is planned, folks close up shop and go fishing or visiting, or maybe fix up something around the house, or perhaps cut some weeds or clean out that filthy corner of their lot, shop or store.

Going somewhere this year will be a little less than a year ago. Folks have an ear for the tire these days, and the hotter the 4th the more likely the tires will be spared a hot run.

O yes, the Fourth is a mighty good time to do some history reviewing. Lots of Americans forget their history. So many have never read and studied our Bill of Rights, the Federal Constitution, and therefore fail to get such values into their systems.

Patriotism is very much like one's religion. If you feel it right, nobody need be told you are a patriot. Buying bonds, displaying a flag, whoop-

One's heart tells the owner whether it is truly patriotism. How do you feel when the National Anthem is sung and you see the proud colors catch the free air? Is there a "well-ing up" in your throat; do you feel moisture getting into your eyes? When "My Country, 'Tis of Thee" you hear, can you see the rocks and rills, the woodlands and the meadows, happy homes and quiet lawns and happy children. "America" is just that to the real patriot.

—T & T—

Did You Hear

Harry C. Withers?

Sundays at 9:30 A. M., Harry C. Withers, Managing Editor of the Dallas News, talks over WFAA. He reviews the events of the past week and ends on some line of patriotic outburst—always something good for America and decent freedom. Last Sunday was Father's Day.

"TO HIM"

"Today America celebrates Father's Day. The average father wants no homage. He will fight for his country if the recruiting officer will take him. If he is rejected he will keep the home fires burning and pray for his son's safe return. "He is willing to make whatever sacrifice the nation's need requires. He will not boast of his patriotism, but he will serve in whatever ca-

pacity he can.

To him we commend the war credo of the American Legion:

"I will do all that I can to demonstrate my allegiance to the flag and to the Republic for which it stands.

"I will harbor no thought, perform no action, utter no words that will create doubt about the country I love, the United States of America.

"I will do all that I can to bring victory to the United States of America and her military Allies.

"I will keep ever in my mind the basic necessity for bringing about the overthrow of every sworn enemy of my country.

"I will be guided by reason, rather than by emotion, in the daily effort to make right the master of might.

"I will do my utmost to inspire confidence in the leaders of our war effort.

"I will so far as it lies within my power, conduct my own war efforts as if I were, in fact, wearing the uniform of my country.

"I will resist any temptation to hamper my country's progress in this war because of any selfish desire for private profit or personal gain.

"I will be ever alert as a guardian of my country's richest heritage—the American heritage of freedom and justice."

—T & T—

Mr. and Mrs. M. T. Hudson and daughters, Misses Joyce and Susanne, and their niece, Miss Sarah Griffin returned Sunday from Gilmer where they visited Mrs. Hudson's sister, Mrs. A. Binion and husband. Mr. and Mrs. Binion's son, Linden, who is in the aviation service, and who recently suffered an injury in an airplane accident at Bakersfield, Calif., where he is taking training, is reported to be much

improved. Linden has visited in the home of Mr. and Mrs. Hudson a number of times.

Mr. and Mrs. Vernon Harris of Route 3, Bonham, came over Monday to visit home folks and to look after business. Vernon is farming in Fannin County and the McCauley country. Let's see which area makes the best turnout.

BOYD CHAPEL CHIRPS

By Mrs. James Ferguson

Mr. and Mrs. Floyd Shaver of Texarkana have been visiting their parents, Mr. and Mrs. J. P. Cornelius for several days.

Mrs. Pauline Young is visiting her sister, Mrs. Bird of Abilene for several days.

Most all the children of Mr. and Mrs. Thompson Young were home for Father's Day.

Mrs. Maggie Dunn and Harley Wayne Maberry of near Sylvester, spent last week end in the homes of relatives of Boyd Chapel.

The Willing Workers met with

a large crowd present in the home of Mrs. T. O. Young Wednesday. Two quilts were almost completed. The club will meet next Tuesday afternoon, June 30, in the home of Mrs. C. E. Young.

Mr. and Mrs. C. E. Young, Miss Pauline and Dee visited relatives in Portales, New Mexico last week. Dee who has been home on a two weeks visit, returned to Camp Polk, La., Saturday.

Mr. and Mrs. Clinton Maberry and family of Dallas are visiting their parents, Mr. and Mrs. J. P. Cornelius and Mr. and Mrs. Frank Maberry.

Those who took dinner Fathers Day in the home of Mr. and Mrs. Cornelius were Mrs. Charley Earley and children, Mr. and Mrs. Tom Nichols of Hamlin, Mr. and Mrs. T. W. Flenniken and Tommie, Mr. and Mrs. Floyd Shaver of Texarkana, Mr. and Mrs. Clinton Maberry and children, Mr. and Mrs. J. F. Maberry and Laverne and Lavena, and Mr. and Mrs. L. R. Andress.

Mrs. Lem Rodgers and children of Dallas are visiting Mr. and Mrs. J. P. Bingham for several days.

Mr. and Mrs. Clem Ball and son Clem Jr. are at home again after a twelve day vacation. During the time they visited their son Joe in the State University and then to Rockport. This part of their trip was made in their car and then they closed the vacation on the Santa Fe to Topeka, Kansas, where they took in the State Capitol. But Austin still lingers in their minds as the most lovely city.

Mrs. Harry W. Pitzer who has been visiting her parents, Mr. and Mrs. H. O. Cassle, returned last week to her home in Chickasha, Oklahoma. She was accompanied by Dallas by her mother and nephew, Wade Smith, who had spent several

weeks here with his grandparents. Mrs. Cassle visited her daughter, Mrs. Duffield Smith and family in Dallas until Monday.

Mrs. R. T. Gowan and children of Corsicana, are here visiting her parents, Mr. and Mrs. C. H. Malone.

Another Registration Day Set For June 30th

The following registration places will be located in Jones County:

Stamford—In Council Room of City Hall, with Roscoe Hood in charge.

Hamlin—In Red Cross Room, next door to Inzer Drug Store, with L. H. McBride in charge.

Hawley—At school house, with P. H. Buster in charge.

Noodle—At Noodle school house, with W. J. Bicknell in charge.

Lueders—At Lueders school house with J. R. Nance in charge.

Tuxedo—At auditorium of Tuxedo school, with J. C. Harwell in charge.

Avoca—At Avoca school house, with J. C. Williams in charge.

Boyd Chapel—At auditorium of Boyd Chapel school house, with C. E. Young in charge.

Nugent—At Nugent school house, with J. H. Doty in charge.

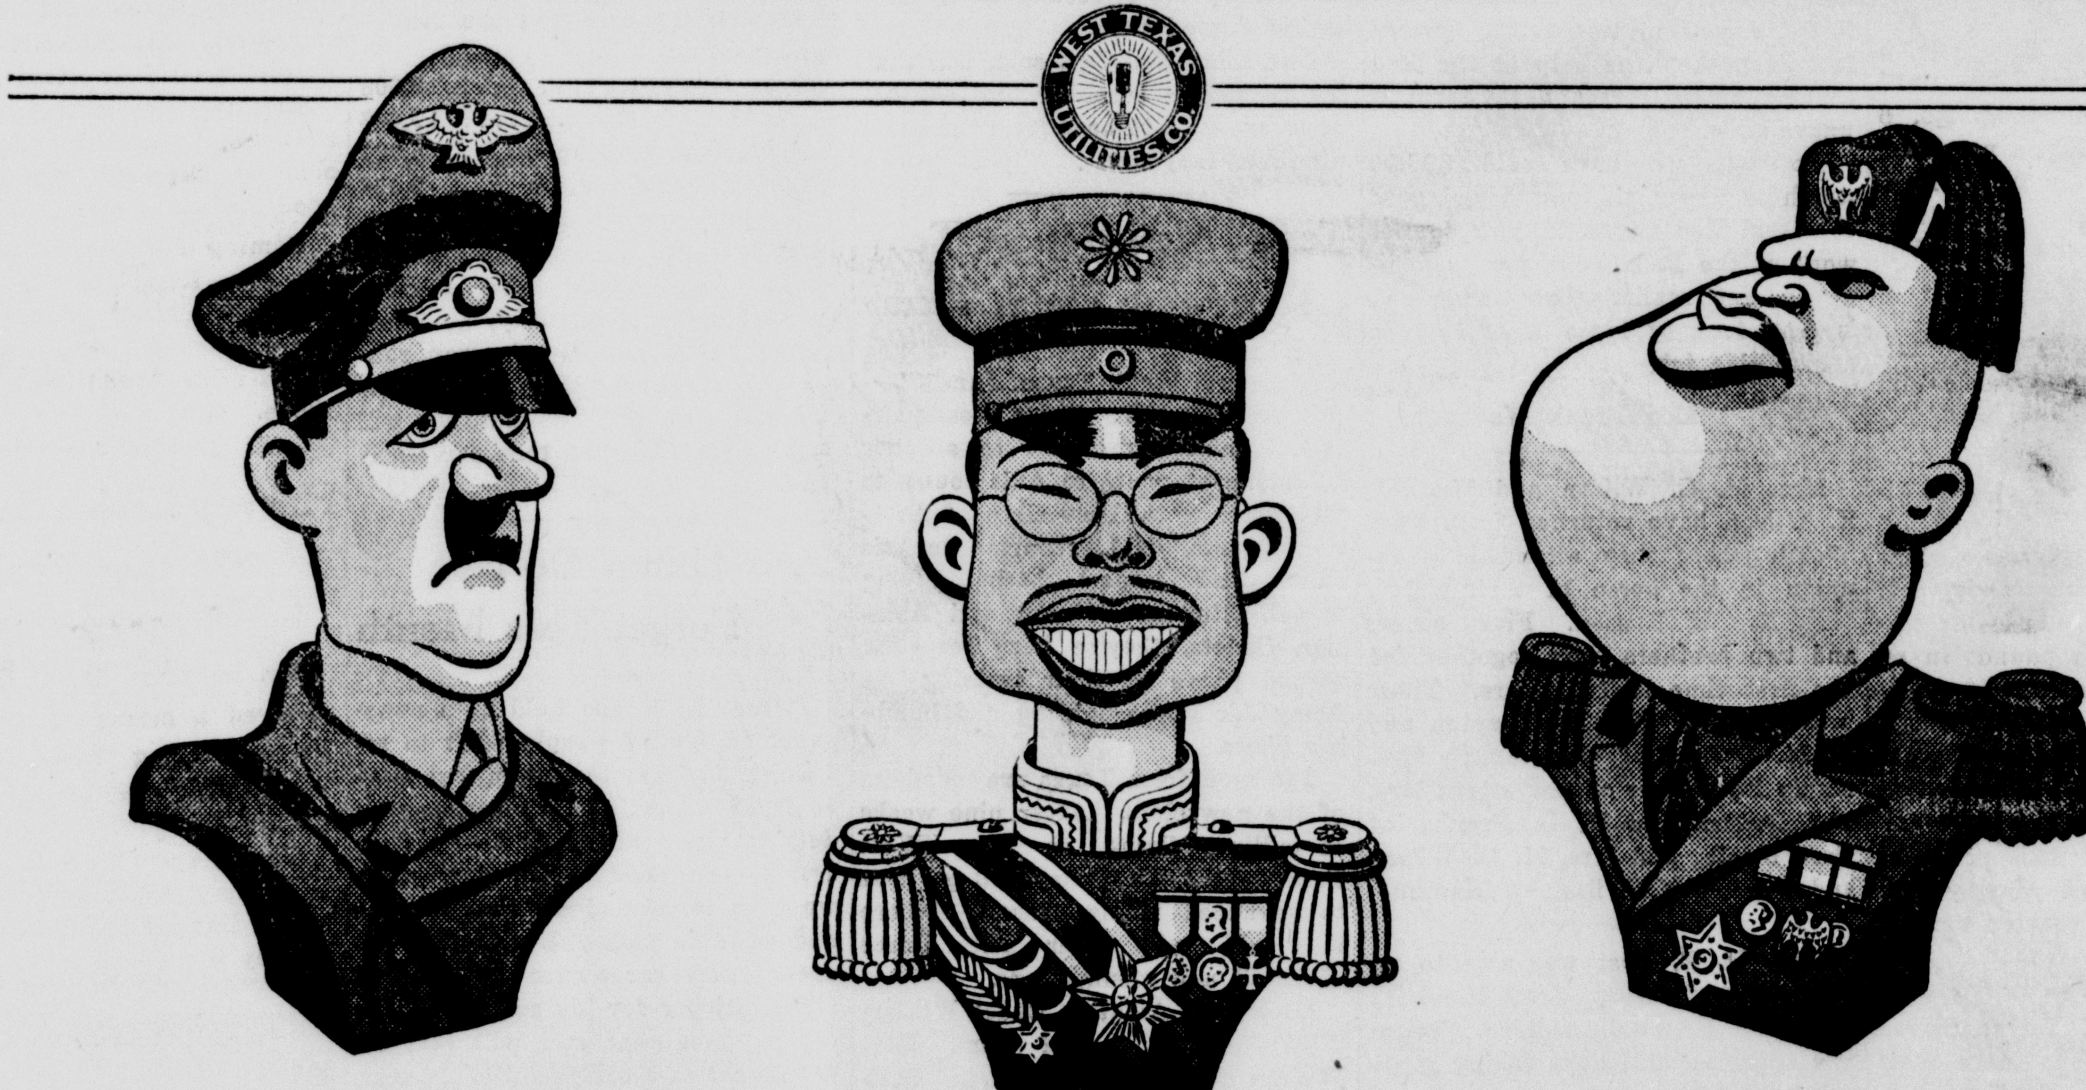

Anson—At office of Jones County Local Board.

Anyone desiring to volunteer to assist in registering in their community can see the person in charge.

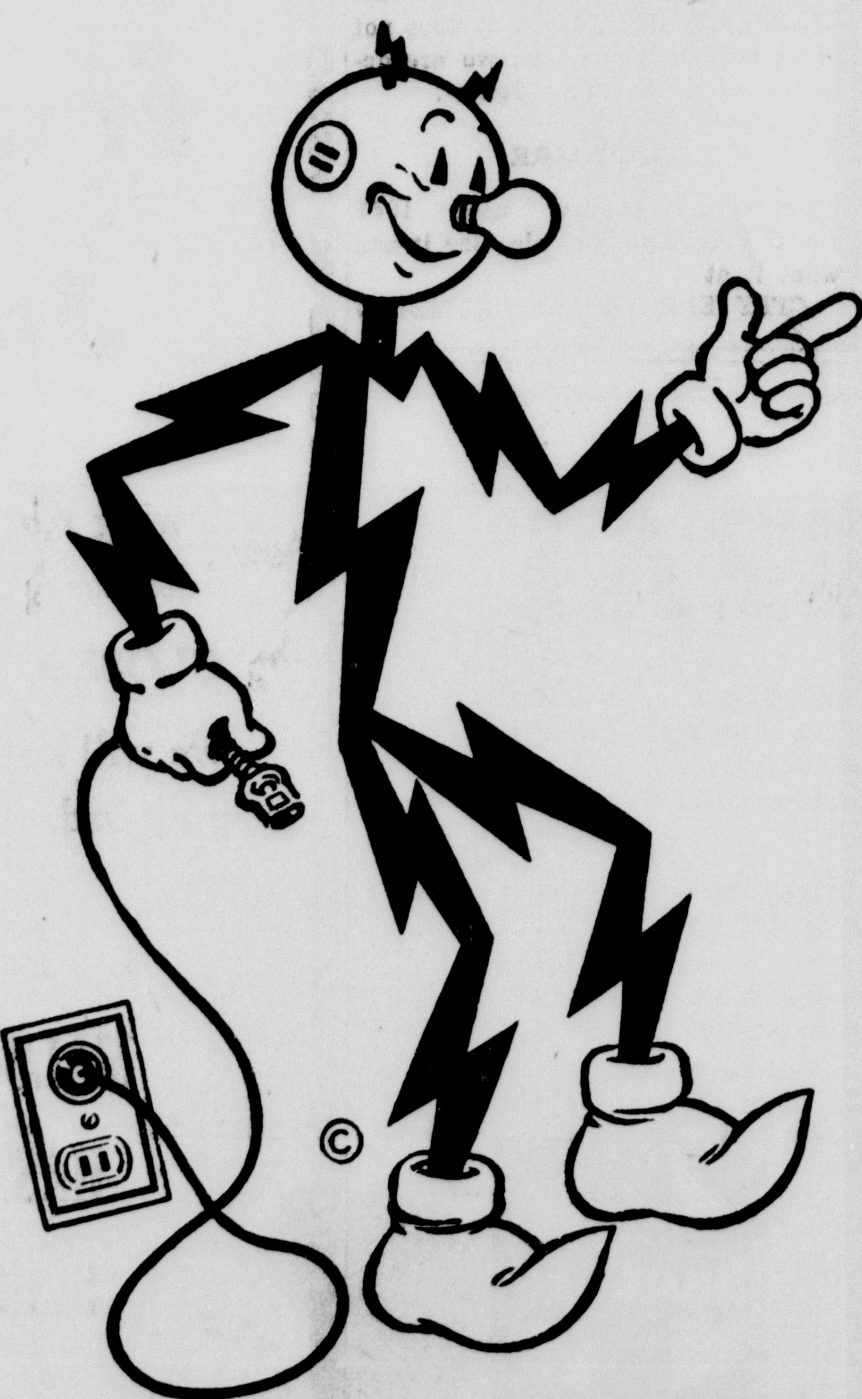

More Jones Co. Boys

Are Called To Army

The Jones County Local Board notified the following Jones County boys to report on June 28th, to be sent to Abilene, for final physical examination and induction, on June 29th.

Uncle Sam Has More Electric Power than All these Three Together!

POWER

...after 6 months of WAR...

TALK of a "power shortage" has died down. But if an informed person listened to occasional blasts from socialist individual groups in Washington, he would conclude that the future of America's war effort depends on spending more billions of tax dollars for socialized electric power projects.

* * *

The truth of the matter is just the opposite.

In fact, Adolf, Hirohito and Benito probably are spending some sleepless nights because they know that this Nation's great and growing war production must inevitably turn the tide against them.

* * *

America can do it because America has the electric power to drive the machines that make tanks, planes, ships and guns . . . more power than the three uneasy dictators and all their conquered countries combined . . . five times more than we had in the last war!

* * *

Companies like this, under business management, publicly owned through millions of small stockholders, and regulated by the government, are generating and distributing over 90 per cent of all the country's commercially produced electricity.

They have met war needs, plus your normal needs, with perfect efficiency.

The increase alone in power demand within the last year equalled the total output of the entire industry 25 years ago. Electric companies absorbed this increase without undue strain. The tremendous new wartime loads were met with the industry's total generating capacity working only 50 per cent of the time.

Expansion and improvement programs are being carried on to meet the greater demands of the future.

* * *

Your attention is called to this remarkable achievement because constant socialistic political attack, over many years, hindered normal expansion.

* * *

After six months of war, it can be said that there will be no serious power shortage in this country if the government gives the electric industry the same degree of cooperation it gives to other industries on which the war effort depends.

The needed power will continue to be distributed where it's needed, when it's needed, and without added cost to the taxpayers.

* * *

The experience and training of the men and women who operate your electric company are dedicated today to making Uncle Sam so power-full that the Axis dictators soon will be nothing more than three busts in the Hall of Infamy!

Miss Bernice Shelton Marries In Borger

Miss Bernice Shelton, daughter of Mr. and Mrs. O. R. Shelton of Hamlin, and Mr. Ralph Brown, son of Mr. and Mrs. J. R. Brown of Clinton, Oklahoma, were married Sunday evening, June 21, at 8:00 o'clock in Borger. The double ring ceremony was read by the Rev. Wallace Jones, pastor of the First Christian church in his home in the presence of a few intimate friends.

The bride wore a white silk pique suit with blue accessories. Mrs. Brown is a graduate of Hamlin High school and Draughon's Business College in Abilene. She has been employed by the Fire Adjustment Bureau in Abilene.

Mr. Brown is a graduate of Clinton High school and is employed by the Phillips Petroleum Company in Borger, where the couple will make their home.

Mr. and Mrs. C. F. Guinn and son from Venture, Calif.; Mrs. Dovie Harrison's son, also from Venture; Mr. and Mrs. Dalton Young from Jaal, New Mexico, are visiting in the home of Mrs. Mary Lenard this week.

McCauley H. D. Club

Mrs. Glenn Henderson was hostess to the H. D. Club of McCauley June 16th.

The program was on "Living At Home."

The roll call was answered with "Something new I learned about canning."

"Killing and Dressing Poultry Correctly" was discussed by members.

"Bringing Club Members up to Date" by Mrs. J. A. Jackson.

Demonstration on canning poultry was given by Mrs. Sue Miers.

The club will meet only once a month, due to rubber shortage, provided this is approved by the agent. The new agent will meet with us July 15th, in the home of Mrs. Bill Fancher.

Mrs. Louis Boyd was honoree for the kitchen shower.

Refreshments were served to Mrs. O. M. Henderson and Mrs. Peterson, visitors. Mrs. Peterson is a sister of Mrs. Della Fancher.

Members, Mmes. Ellis Eivens, Della Fancher, Oliver Lee, Bill Fancher, Joe Miers, Eula McHone, J. A. Jackson, W. C. Jackson and Louis Boyd.

METHODIST CHURCH

JAMES E. HARRELL, Pastor

Sunday School at 9:45, A. M. Please note the change in time of meeting and come early.

Morning Worship service at 10:55

Juniors, Intermediates and Young People meet at 7:30 P. M.

Evening services at 8:30.

The Woman's Society of Christian Service will observe Monday as visiting day.

Mid-week service Wednesday evening at 8:30.

Fourth Sunday is Missionary Sunday and a Missionary Program and offering for world service will be presented at the Sunday school assembly at the close of the Sunday school.

The sermon subject Sunday morning will be: "The Christian Idea of Temperance". Sunday night, the message will be: "Inaction and the Results Both in Believers and Unbelievers". Special music will be rendered. We want our young people to occupy the choir Sunday night.

We welcome visitors.

Youth Caravan

The Youth Caravan has been a real success with wonderful attendance and interest both in the evening programs and in the project groups meeting in the afternoons. We are delighted with the splendid work that has been accomplished under the direction of the fine young people that have led us in this week of Caravaning. We feel that our youth and adults have received a wonderful blessing and will profit in a great way by the week's Caravan work. The pastor, youth and adults are delighted with the things that have been accomplished.

J. E. Harrell, Pastor

Mrs. R. B. Wiar made a short visit last week with relatives in Oklahoma. On her return she was accompanied home by her sisters, Mrs. W. R. Curry of Oklahoma City, and Mrs. Eva Deay of Cushing.

ROUND TOP NEWS

By Raye Shelley

Peggy Owens of Fort Worth is on an extended visit in the home of Mr. and Mrs. John Shelley.

Pvts. Elmer Cooper and James Shelley are home on a ten day furlough. Pvts. Cooper and Shelley are stationed at Camp Wolters for a few days. They were inducted into the Army June 16. They report for active duty July 1st.

Pvt. Koin O. Garrett, who has been stationed at Camp Roberts, California, has been transferred to another camp, which is not known at present.

Rev. Crawford and family received a telegram Sunday evening informing them of the death of a sister in Hillsboro. The Crawfords left immediately to attend the funeral. The family has our deepest heartfelt sympathy.

Mr. and Mrs. C. H. Gary and family were week end guests of Mr. and Mrs. Bill Cooper. The Garys were enroute to Washington to make their home for an uncertain length of time. Their son, C. H. Gary Jr., was honorably discharged from the Navy because of his age.

Pvts. Cooper and Shelley were distinguished guests of the Men's Luncheon Club Tuesday in Rotan. The club honored soldiers in and around Rotan who were home on furloughs.

Frank Allen went to Red Bluff Monday night to visit his parents.

Mr. and Mrs. Dick Allen were Saturday evening visitors in the homes of friends here.

Singing At Dovie

This Sunday the singers of North Side Jones County will make "melody" at the Dovie church, just east of Hamlin at 2:30 P. M. If you can sing or even listen, you are welcome to attend.

—Secretary

Grateful to Neighbors

We want to thank our friends and neighbors for their many acts of kindness and expressions of sympathy in the tragic hours when death came to our little son Grady. Your presence and kindness comforted our saddened hearts in that hour as nothing else could. We are truly thankful for everything done.

A Picture of
40 Gas Ranges
you cannot buy

It takes that metal,
to stop the enemy

★ ★ ★ ★ ★ ★ ★

So Take Good Care of
Your Gas Equipment

Make it Last till We Win this War!

★ ★ ★ ★ Since this country has to skimp on metal household goods, we urge you to keep your gas equipment in first class condition.

I. ROOM HEATERS: To store for the summer, remove dust inside and out; wrap in newspaper and keep in a dry enclosed place.

II. RANGES: Do not let food spill over (in top cooking, the simmer-burner heat prevents this; in oven-cooking, careful handling does it). Do not set hot vessels on the bare porcelain surface. (Use cork mats.) Do not use the oven to heat the kitchen in cold weather (prolonged heat will cut down the life of the oven walls). Do not clean up the range while the enamel is warm. When it cools, remove crumbs and spatters with a damp cloth. Do not over-cook foods. It means wear and tear on the range, as well as on the groceries.

III. REFRIGERATORS: Defrost regularly, and do not overload. Canned goods do not need to be stored in the refrigerator, and neither do jellies, ketchups, etc. Do not set dishes on the bare porcelain top; keep a mat on top to protect it.

SPECIAL NOTICE

The Government Order freezing all types of gas heating equipment has been amended. Floor Furnaces, Gasteam Radiators, Circulators and Radiant Heaters NOW may be sold and installed for use in rooms which do not already have some type of heating equipment. Likewise, under certain conditions, you are permitted to purchase and install Gas Ranges and Gas Water Heaters. Your gas company will be pleased to advise and assist you with complete information and details.

HAMLIN, TEXAS

Charlie A. Jones of Fisher County Is Candidate For Representative

Midnight, June 1st, was the deadline for candidates filing in the 117th District Representative race. We find two groups represented.

First—that of agriculture—then, close up to the deadline, a showman. Agriculture and the allied agricultural industries represent over 95 per cent of the laboring people. Agriculture is the basic industry of the world today. I am of the ranks of agriculture. I am glad to be identified with the largest group of working people in the world

CHARLIE A. JONES
of Rotan

We, through sweat and grit and grime, with calloused hands and

blistered feet, with sun-tanned faces, have toiled on and on, with tired bodies and aching muscles to cloth and feed the people of the earth, through the ages. We have steadily made progress since the days when agriculture was carried on in Egypt by the slaves to the present day, and we are not ready to surrender any of that progress to a non-producer at this time.

We, as producers, have been discriminated against by tariffs and many other special interests legislations. We have offered our products in the open market at the mercy of supply and demand and in return we have paid fixed prices for our necessities of life.

Stop agriculture in the United States thirty days and we would lose this war. Stop allied agricultural industries thirty days and we will lose it. Stop the processors thirty days and our armies will perish on the battlefield for want of food. Stop our refineries thirty days and you will paralyze transportation by air, sea and land. Stop all portable shows thirty days and we will have millions more to invest in bonds and stamps to help win this awful bloody war and to buy the necessities of life.

The reconstruction days following this war will be serious days for us all and especially for laboring people. The influx after the war will create a major unemployment situation. We will need to place at least 1,000,000 families back in agricul-

ture, with their own land, equipment, cows, hogs and chickens. Who would be an adequate representative of the people in such a crisis as this? One who by experience has successfully solved these problems for himself, or from the other group?

Some object to my giving my salary, if elected your representative, to the Red Cross and buying bonds, as stated in an affidavit.

In 1926 while a struggling tenant, I gave \$110.00 to help convert an old school building into a Baptist church—no one objected to that.

In February, 1939, just after making the race four years ago, I spent over \$100.00 in making trips to Austin, and spoke before the newly organized Dirt Farmers' Congress on the subjects, "Landlord and Tenant" and "The Theft of Livestock"—no one objected to that.

In 1941 I rounded out over \$1,000.00 in helping to pay out our new Baptist church here in Rotan, also gave substantial contributions to other denominations—no one objected to those contributions.

Mothers and fathers with boys missing and lost do not object to my giving my salary in this way. World war veterans, who witnessed the atrocities overseas do not object. The soldier boys express themselves as being deeply appreciative of this offer.

I do not challenge my opponent to make affidavit that he will dispose of his salary if elected as I have done, because his county and state tax records in this district indicate he is not financially able to do so.

I am treasurer of Fisher County Baptist association, president of the Associational Brotherhood, leader of the 100,000 club, a district board member and other county-wide work. I have been an Odd Fellow about sixteen years.

I am not making this race by proxy. I have been continuously in the district nearly twenty-three years. I will remain in it after the election, and will at all times be available to help you with your district problems. I want to be your friend and I will appreciate your friendship, your vote and influence.

Thank you for your many kind words and deeds.

CHARLIE A. JONES
(Pol. Adv.)

Notice the date after your name.

family has the sympathy of the entire community.

Louis Hopkins tells us that he drew an ace in the hole when he received his classification card the other day placing him in 1-A. Hop says he will likely beat Uncle Sam to the punch by joining the Navy.

Cotton choppers are in demand in Fisher County. The pay is ranging from two dollars per day to twenty-five cents per hour. We notice that some farmers are plowing their crops ways to save a lot of hoeing.

O-O-O

We are informed that the Hamlin hamburger man is thinking seriously of taking banjo lessons. Banjo pickers will be in demand before Wilbur Lee gets back to the Senate.

The fall of Tobruk is a shock to the Allied Nations, yet we should be getting used to reverses by now. We might as well make up our minds that Uncle Sam is going to have to win the war. We were told that Tobruk couldn't be taken and it's high time that the people were being told the truth. Propaganda is ok, if you can make it stand up, but the truth is much better.

Hal (the medicine man) is pleading for your two-bit pieces to finance his campaign. Isn't it just too bad that the crystal man who is supposed to be a millionaire should suddenly become so poor that he calls on the citizens for campaign funds. Remember folks, that a two bit piece will buy a war stamp.

The majority of the negro population of McCaulley celebrated June-teenth on the banks of the creeks or at barbecue pits, yet some few remained with their hoes and plows.

From the looks of things the people of Texas are still patriotic even though there has been much confusion about the rationing of gas, sugar, tires, etc. The old rubber drive is bringing results and piles of rubber are stacked high in front of most every filling station. When the government appeals to the general public for anything that will likely help win the war, the general public responds with all the patriotism of a free loving people.

What folks would like to know is—How come one family may get eleven lbs of sugar to the person and the next family unit get only

—WILL TRAIN—

IN STAMFORD

A LIMITED NUMBER OF QUALIFIED

MEN 18 to 55 and WOMEN 18 to 40

For Immediate Employment

In high-paying positions in Civil Service at Army Air Bases
and in Aircraft Factories

Both Day and Night Classes

WILL BE CONDUCTED, BEGINNING JULY 6th

Therefore, you need not quit your present employment until you are ready to take your place in this vital war industry.

PART TUITION NOW, BALANCE AFTER EMPLOYMENT

The demand for trained personnel is urgent. One factory alone has asked for 400 graduates as rapidly as they can be trained.

You will have all the advantages of a factory outlined course at an established school and the service of its 100 per cent efficient placement bureau.

A few vacancies remain and reservations for these are now being accepted.

five or nine lbs to the person for canning purposes? You say, well it is according to how much was canned in your home last year. No, that doesn't solve it in Fisher Co. We have checked applications and for instance, one man got 33 lbs and his application stated that the family unit canned 150 quarts last year. Now mind you that was 33 lbs for a family of three. The next fellow's application stated that his family of six canned 200 quarts last year and he only received 56 lbs of canning sugar, which was a little over nine pounds per each member of the family. Maybe some of us should black our faces before making application for canning sugar as some of the colored folks are

getting eleven lbs per person, and we can't remember many of the colored folks about McCaulley ever doing too much canning. Sugarland Texas is over run with sugar. The warehouses are full, and even a lot stored in Houston. Employees are being discharged in the sugar refinery there, according to the daily papers and all on account of so much sugar on hand and no one to buy it. Folks there is a nigger in the wood pile somewhere, and who ever is responsible for the sugar rationing should do a little investigating before issuing one person five pounds and the other fellow 11 lbs or more. If it is necessary, we will all gladly do without sugar, tires, gas or anything else that is

vital to our war effort, but if we are so short on sugar, let's put the boys back to work at Sugarland Texas.
